

WVS Student Reporting System 2008-09

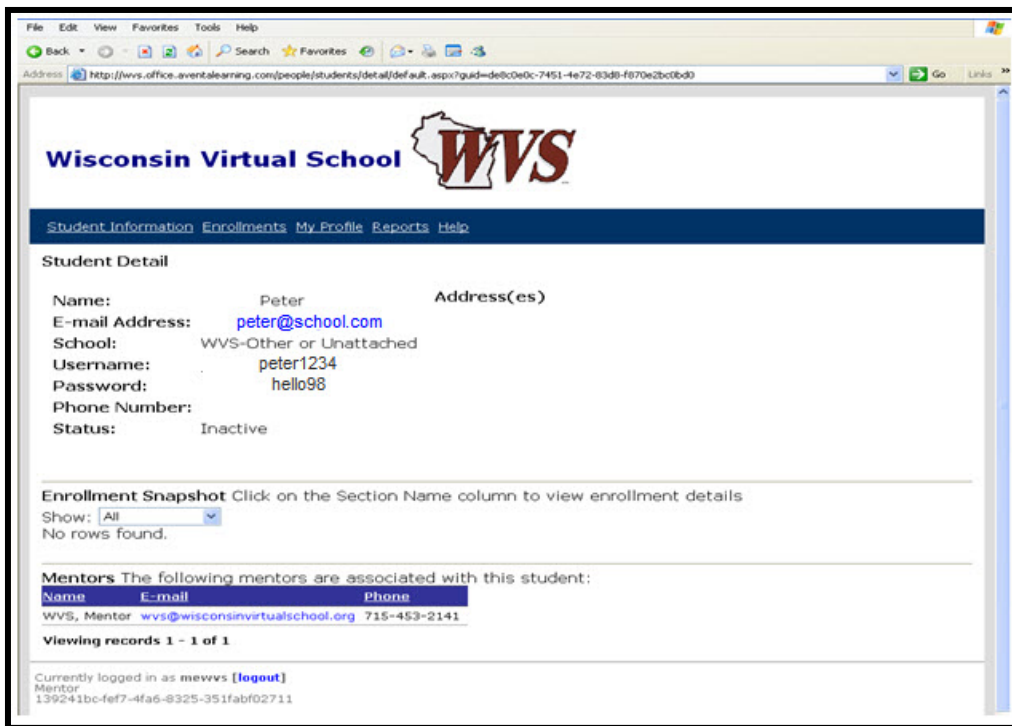

Login at <http://wvs.office.aventalearning.com>

The first screen you will come to is the **student information screen**. From here you will see a list of all students assigned to you. LEGs will see their students only.

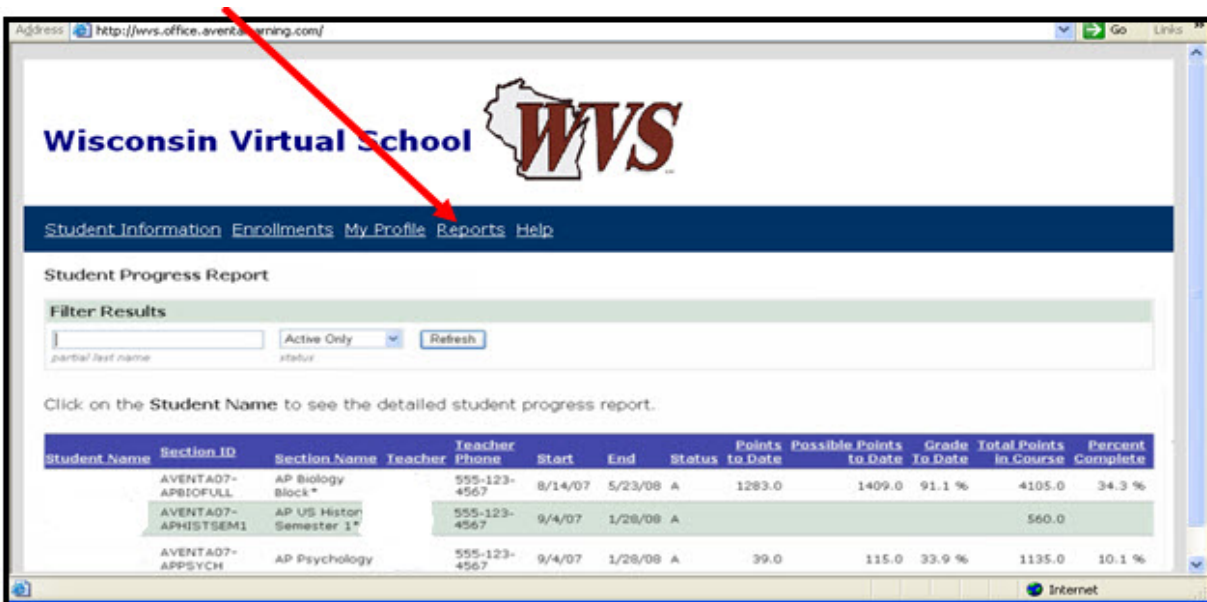

From the **student information screen**, select any student to see a snapshot of their student profile and their enrollment history.

Reports Menu

From the REPORTS MENU, select Progress Report. This will return a **snapshot PROGRESS REPORT** of all of your assigned students. Select ACTIVE ONLY to view only currently enrolled students.

Click on any student name to view detail progress data. This detail view **displays GRADE BOOK level detail** for each course so you can monitor grades and activity on an assignment by assignment basis.

A-PostQuiz4	7/24/08	7/24/08	9.0	0.0	EC
A-UnitExam				95.0	

Internet

Also from the Reports menu, users can select a **STUDENT ACTIVITY REPORT**. This report currently reflects online activity ONLY (meaning time students are actually logged in and working in a particular course). This would not reflect off line time or time students may be working on assignments (papers, etc.) outside of the WVS Blackboard.

The **STUDENT ACTIVITY REPORT** is date constrained so time is reported only for the period reflected in the start and end date range. Change the date filter to see data for different periods.
