

Wisconsin Virtual School Enrollment Dates for the 2018-19 School Year

2018-19: WVS has only ONE term instead of a Fall, Spring, and Summer. This is to provide more flexibility for schools and their students, particularly for summer school sessions.

ALL Enrollments OPEN and courses begin – **August 20, 2018**

ALL Enrollments CLOSE - **June 30, 2019**

Advanced Placement Enrollments: We **recommend** windows in which AP students should begin working to be successful and have an opportunity to gain as much knowledge as possible prior to the early May AP Exams.

Recommended Fall AP Enrollments **begin** August 20, 2018

Recommended Fall AP Enrollments **end** September 14, 2018

Recommended Spring AP Enrollments **begin** January 2, 2019

Recommended Spring AP Enrollments **end** February 1, 2019

AP Enrollments will be allowed after the recommended dates based on your school's needs.

High School and Middle School Courses: We are **recommending** that most students' start and end dates should mirror their semester or trimester dates. **Contact WVS for other recommendations for full time or part time online students.**

Term Limits:

Students will have up to 20 weeks access to each semester AP/HS/MS course, UNLESS the sponsoring district expects an earlier completion.

Credit Recovery courses have up to 20 weeks access UNLESS the sponsoring district requires an earlier completion.

A first extension for 30 days beyond the end date will be provided at NO COST **IF** WVS, the online teacher, and the LEG determine the student has extenuating circumstances (medical issues, family emergencies, etc.). **The fee for extension requests not meeting the extenuating circumstances criteria will be \$150 for an additional 30 days.** A second extension will result in a \$150 fee for all courses.

Questions and Contact Information: 715-453-1953, or email at wvshelpdesk@cesa9.org. Please see our [website](#) for enrollment instructions.
